

Departing SRSians..... You Will Forever Remain In Our Hearts

When our students come to us at their tender age, we nurture age, care for them, develop a bond of affection and in the process seem to forget that one day they will flutter their wings for the colossal leap in the world beyond, leaving us behind with their fond memories.

Recently, SRS bade adieu to the outgoing batch of class XII(2017-18) with filmy eyes. The air was filled with joy of stepping into the world of opportunities and melancholy of separation.

The juniors gave scintillating performance while the seniors sat devouring each and every moment with efforts to put every memory neatly in their treasure box.

The Principal of SRS, Mrs. Meenakshi, and all the staff members of SRS showered their blessings on the outgoing batch. The outgoing students pledged to uphold the true spirit of humanity in every walk of their life.

SRSians in Festive Mood
